Casa DownUnder Lyrics

So you've been travelling, travelling for a while. Visiting places seeing new faces everyday. You missed your friends and you miss your family, everything that is familiar is so far away.

Come on in Casa DownUnder, sit yourself down and have a drink, just hang around in Casa DownUnder, Long time no see - how have you been ?

(Instrumental)

Heart is longing, longing to go home. For that day you slowly walk up the driveway. With one tired breath, you knock on the door, door swings wide open and somebody gently says

Come on in to Casa DownUnder, sit yourself down and have a drink, Just hang around in Casa DownUnder, Long time no see - how have you been ?
